Mysticism Retreat
May 10, 2014 ● 10 a.m. to 5 p.m.

This day will blend together the intellectual understanding of Mysticism through interaction and discussion outside amidst the beauty of Mother Earth. We will be sitting among 200 year old trees and the precious guardians of that land, the alpacas. There is a strong underground current of water moving constantly under us, and usually a breeze moving all around us. We are excited that you have chosen to join us also.

We will be outside, so please wear appropriate clothing and bring necessary protection for this beautiful spring day. Also, please bring a blanket or chair to sit on. If the weather indicates we should move inside, then we will do so.

If you have any questions, contact **Chuck Smith at 404-307-6846 | chuck@chucksmithgroup.com**

Look forward to seeing you all on Saturday.
