

Spiritual Living Center of Atlanta

We believe...

in One God which expresses Itself through every living being.

that God becomes personal to each of us as we learn to recognize Its presence.

that God is Love and that all of creation is an expression of that Love.

that this Power works through us, expressing Itself in the world as our highest and greatest good.

that all thought is creative and that how we choose to think creates our personal experience.

that anything in our lives can be healed by changing the way we think.

in the Oneness of all Life, and that our individual spirit never dies.

in the power of Love, the power of Joy and the eternal Goodness of all Life.

The Spiritual Living Center of Atlanta

honors the Truth found in all teachings. What we offer here is a place where you can hear the spiritual wisdom of the ages, which has been taught by many great teachers. We do not tell you what to believe . . . we simply offer food for thought that we hope you will apply to your own life, in your own way.

We also believe in creating a better world through a greater awareness of the presence of God in everything and a recognition of our connection with all life, everywhere.

We are a Metaphysical Spiritual Community
